EDUCATION

Merivale High School — *IB(International Baccalaureate) “28- Upcoming Gr.11*

2024 - Present

SKILLS

Technical Languages: C++, Java, JavaScript, Python, CSS, HTML

Tools: Excel, Word, PowerPoint, Git, Node.js, PyTorch, React.js, Next.js, TensorFlow

Soft Skills: Problem Solver, Critical Thinker, Creativity, Communication, Teamwork

Languages: English, French, Hindi

AWARDS AND CERTIFICATIONS

Canadian Economic Olympiad National Finalist (Best in City) 2026

Pre - IB Silver Medalist - 90+ average 2025

Ottawa Regional Science Fair - Best in Division (Digital Technology) 2025

Physics 1 & Physics 2 - Carleton University Enrichment Courses 2025

Canadian Computing Challenge - Received an individual score of 12 2025

HTML, CSS, and JavaScript for Web Developers - Johns Hopkins University 2025

Crash Course in Data Science - Johns Hopkins University 2025

Beaver Computing Challenge - Achieved a perfect score and earned distinction 2024

EXPERIENCE

Robotics - FRC 8729 Software developer, Vex 50226 Driver and Team Captain

Sept. 2024 - Present

- Designed and implemented command-based robot control software using Java/ C++ and OOP with PID tuning
- Integrated computer vision systems using Raspberry Pi and Orange Pi to support autonomous and assisted driving

First Lego League - Team 72902 Lead Mentor

Jan. 2024 - Present

- Taught robotic fundamentals and techniques to young students
- Taught the usage of code in robots and how to use Arduinos for Robotics
